

Sustainable LED Lighting Solutions...

## DATA SHEET.

DIMMABLE, HIGH OUTPUT, PAR 20 LED

MODEL # - E-D/PAR20/H0/3x3W

Edision based

COVERED UNDER A 3 YEAR WARRANTY

## SPECIFICATIONS.

BASE :	E26
DIODES :	3x3 W CREE™ SMD
POWER CONSUMPTION (W) :	7 WATTS
AVAILABLE COLOURS ...	
CCT (K) - DAYLIGHT :	5500K
CCT (K) - WARM :	2700K
LUMEN OUTPUT (lm) - DAYLIGHT :	350 lm
LUMEN OUTPUT (lm) - WARM :	285 lm
CRI :	>85
AVAILABLE BEAM ANGLES :	25°, 40°, 60°
OPERATING VOLTAGE (V) :	80 ~ 260VAC
L70 RATED LIFESPAN (hrs) :	50,000 Hours
IP RATING :	IP54 - Indoor Only
THERMAL MATERIAL :	Die Cast Aluminum
WARRANTY :	3 Years
DIMENSIONS :	63 mm x 87 mm

- Direct replacement - No alterations required to the existing fixture.
- Fully dimmable on traditional dimmer systems.
- Available in Short Neck or Long Neck configurations.
- Replace up to a 50 Watt PAR 20 Halogen.
- Minimal heat output - No heat in the light beam.
- Unique, double patented, anodized, die cast aluminum multi-fin thermal management keeps the bulb cool increasing longevity and eliminating the need for ventilation.
- Optimized light distribution technique ensures wide spread light beam resulting in maximum area coverage.
- Solid state circuitry ensures reliable operation for upwards of 50,000 hours.
- State of the art CREE™ diodes are over 90% more energy efficient than halogens.
- Contains no mercury, omits no UV or IR radiation, no special disposal requirements.
