DATA SHEET.

EXTREME HIGH OUPUT LED RIBBON

DESCRIPTION.

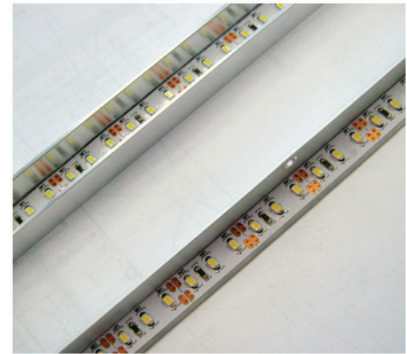

Our eLume Extreme High Output LED Tape currently has the highest lumen output available compared to any other Linear LED tape on the market. Being a slim, flexible LED tape, cuttable every 1", with a self-adhesive 3M backing, our high output LED ribbon is ideal for a simple installation in variety of applications.

SPECIFICATIONS.

MAX. CONTINUOUS CONNECTION :	5 METERS (16.3/ ft)
MAX. POWER CONSUMPTION (W) :	96 WATTS (5.9/ ft)
MIN CUTTABLE LENGTH :	25.4 mm (1 inch)
LED QUANTITY PER 5 METER REEL :	590 LEDS (36 / ft)
AVAILABLE COLOURS ...	
CCT (K) - DAYLIGHT :	5500 K
CCT (K) - WARM :	3500 K
LUMEN OUTPUT (lm) - DAYLIGHT :	312 lm/ft @ 5500 K
LUMEN OUTPUT (lm) - WARM :	250 lm/ft @ 3500 K
BEAM ANGLE :	120°
OPERATING VOLTAGE (V) :	12 VDC
L70 RATED LIFESPAN (hrs) :	70,000 Hours
WARRANTY :	2 Years

MOUNTING CHANNELS.

- Cuttable every 3rd LED (Every 1 Inch)
- Field cut easily to any length needed
- Easy and quick to work with
- Ideal for coves and fluorescent replacement
- Energy efficient 12-volt DC operation
- Per foot: 5.9 watts input and 312 lumens output.
- 590 high output SMD LEDs per reel
- Segments can be daisy chained by eLume's quick connectors
- Multiple configurations utilizing eLume's "T" or "L" connectors
- 3M adhesive backing for easy installation
- Exterior waterproof model available
- 2-year Warranty
